**AGROEXCEL  
CROP SCIENCE**

# About Us

Agroexcel Crop Science is a dynamic company dedicated to enhancing agriculture through innovative crop protection and plant nutrition solutions. With a commitment to quality and sustainability, we provide farmers with cutting-edge products that help increase yields and promote healthy crops. Our focus is on delivering reliable, effective, and environmentally friendly solutions that support farmers in producing high-quality, sustainable agricultural outputs. We understand the challenges farmers face in modern agriculture, and we aim to empower them with the tools they need to excel. At Agroexcel Crop Science, we're not just providing products; we're contributing to the future of agriculture by driving efficiency, sustainability, and innovation.

## Vision

To be a global leader in sustainable agriculture, providing innovative crop science solutions that empower farmers to achieve higher yields, improve food security, and protect the environment for future generations.

## Mission:

Our mission is to deliver high-quality, sustainable, and innovative agricultural products that support farmers in optimizing their crop potential. We are committed to fostering growth through environmentally responsible practices, enhancing food production, and contributing to a more resilient agricultural system worldwide.

### Tanisha 888

Hybrid Mustard Seeds

Description- Hybrid Mustard variety with excellent performance Medium height and high pod density plants Bold grain with higher oil content Suitable for all mustard sowing areas in India.

**Packing Size: 1kg**  
**Sowing Time:**  
October

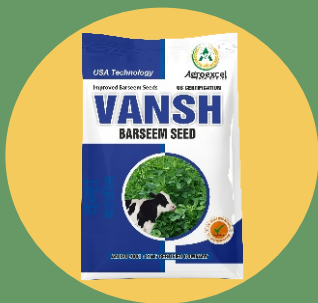

### Aksh 8

Jaysi Seeds

Description-Hybrid Oats variety for green fodder Gives high yield, more cuts and faster regrowth Broad leaves and tasty soft stems

**Packing Size:5kg 10kg**  
**Sowing Time:**  
October to November

### Vansh

Barseem Seed

Excellent fodder barseem variety with high tillers and broad leaves Higher green fodder in every cuts, high growth in low temperatures and last longer.

**Packing Size: 1kg**  
**Sowing Time:**  
September to November

### Rudra 777

Wheat Seeds

Ripening in 135 to 145 days Ears start emerging in 95 days Uniform ears Plant height is medium, does not fall Protein content is 11% to 12% Maximum production capacity Tolerant to diseases Bread stays fresh longer.

**Packing Size: 20kg**  
**Sowing Time:**  
November

## *Peral 890*

*Corn Seeds*

Hybrid Maize for Green Fodder Excellent quality  
Green fodder with cobs, easy to establish

**Packing Size: 4kg**

**Sowing Time: February to May, July to September**

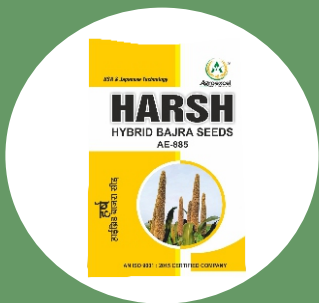

## *Moong Diya 844*

*Moong Seeds*

Early maturity variety (60-65 Days) of Moong  
High yield potential and tolerance Suitable for  
all moong sowing areas

**Packing Size: 2kg**

**Sowing Time: April or May and June July**

## *Harsh*

*Hybrid Bajra Seeds Ae-885*

Mid maturity hybrid (80-85 Days) for all Bajra sowing  
areas. Long and compact ear heads and good  
number of tillers. Excellent grain yield and fodder  
yield.

**Packing Size: 1.5kg**

**Sowing Time: June to July**

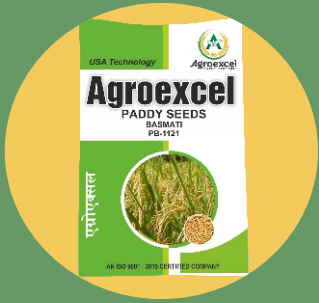

## *Guar Rustam 810*

*Guar Seed*

Rustam 810 guar seeds are a high-yielding variety  
of guar seeds that are known for their quality and  
performance. They are designed to improve the  
profitability and yield of guar cultivation. Some  
of the benefits of Rustam 810 guar seeds include

**Packing Size: 2kg**

**Sowing Time: May to June**

*Agroexcel*  
**PADDY SEEDS BASMATI PB-1121**

PB 1121 Paddy Basmati is a superior variety of basmati rice with an excellent cooking quality and aroma. It has a crop duration of 155 to 160 days and a semi- dwarf plant height

**1121 paddy**

**Sowing Time: may to June**

*Agroexcel*  
**PADDY SEEDS BASMATI PB-1718**

PB 1718 paddy seeds, also known as Pusa Basmati 1718, offer several benefits, including: Compared to other popular basmati varieties, like Pusa 1121, PB 1718 seeds can yield more per acre.

**1718 paddy**

**Sowing Time: may to June**

*Agroexcel*  
**Wheat Seeds**

op varieties all wheat seeds hybrid quality products  
Like HD-2851 HD-2967 HD-3086 DBW-303  
DBW-187 DBW-222 WH-1270 WH-1105 WH-711  
WH-147 WH-283 DBW-327 RAJ-3765

**Sowing Time:  
October to November**

*Aksh-901*  
**Hybrid Bajra Seeds**

Mid maturity hybrid (80-85 Days) for all Bajra sowing areas. Long and compact ear heads and good number of tillers. Excellent grain yield and fodder yield.

**Packing Size: 1.5kg**

**Sowing Time:  
June to July**

### Agroexcel sanvi gold

*Sorghum sudan grass*

Hybrid Sweet sorghum for tasty multicuts  
Very soft, juicy stems and leaves, high yield

**AE-881** Packing Size: 3kg

Sowing Time: Mid March to August

### Agroexcel

*Paddy Seeds Basmati*

PB 1509 paddy seeds, also known as Pusa Basmati 1509 offer several benefits, including: Compared to other popular basmati varieties, like Pusa 1121, PB 1509 seeds can yield more per acre.

**1509 paddy**

Sowing Time: may to June

### Agroexcel

*Paddy Seeds Basmati*

PB 1885 paddy seeds, also known as Pusa Basmati 1885 offer several benefits, including: Compared to other popular basmati varieties, like Pusa 1121, PB 1885 seeds can yield more per acre.

**1885 paddy**

Sowing Time: may to June

### Agroexcel

*Paddy Seeds Basmati*

PB 1692 paddy seeds, also known as Pusa Basmati 1692 offer several benefits, including: Compared to other popular basmati varieties, like Pusa 1121, PB 1692 seeds can yield more per acre.

**1692 paddy**

Sowing Time: may to June

### Agro Excel Mag

Micronutrient Fertilizer Magnesium Sulphate (Agricultural Grade) Magnesium (As Mg) 9.50%

Description- Magnesium sulphate contains secondary nutrients magnesium (mg) 9.6% min & sulphate s(s) 12.0% min. Magnesium is a constituent of Target Crops- Cotton, Wheat, Gram, Soyabean, Paddy etc.

Packing size: 1Kg and 10 kg

### Agro Excel NPK

Npk 13:00:45 Potassium Nitrate

Description- NPK 13:00:45 Potassium Nitrate ( $KNO_3$ ) is a natural occurring mineral source of Nitrogen. This enhances its application as a fertilizer to provide the soil sample amount of Nitrogen. 1. Natural mineral source. 2. Rich source of nitrogen. 3. Longer shelf life. Target Crop: All

Packing size: 25Kg, 1kg

### Agro Excel Iron

Micronutrient Fertilizer (Agriculture Grade) Ferrous sulphate 19% (Agriculture Grade)

Description: Agroexcel Iron also plays a critical role in regulating the activity of various enzymes involved in plant metabolism. Research has shown that the application of iron fertilizer can significantly improve millet yield and quality particularly in iron-deficient soils. Target Crops All crops.

Packing size: : 1 KG, 10 KG

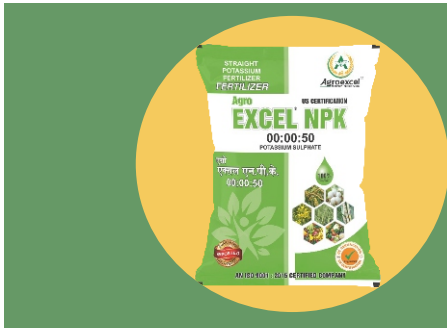

### Agro Excel NPK

00:52:34 Mono Potassium Phosphate (MKP)

Description- We offer premium quality NPK 00:52:34 water soluble fertilizer which contain ingredients such as Nitrogen, Phosphorous and Potassium. Our water soluble fertilizers are appropriate for improving soil fertility. No harmful chemicals. Zero adverse effects on the soil. 3. Longer shelf life. Target Crops Cotton, Wheat, Gram, Soyabean, Paddy etc.

Packing size: 25Kg, 1kg

### Agro Excel NPK

00:00:50 Potassium Sulphate

Description- We offer premium quality NPK 00:52:34 water soluble fertilizer which contain ingredients such as Potassium. our water soluble fertilizers are appropriate for improving soil fertility No harmful chemicals.Zero adverse effects on the soil.3. Longer shelf life.Target Crops Cotton, Wheat, Gram, Soyabean Paddy etc.

Packing size:1Kg

### Agro Excel Boron

Boron (AS B) 20.0% Di-Sodium Octa Borate Tetra Hydrate  
For Foliar Spray

Description- Chemically it is disodium octaborate tetra hydrate, a highly concentrated and entirely soluble boron source.1. Keep Plant healthy and green.2. Ensure Growth of plan.Target Crops-Cotton, Wheat, Gram, Soyabean Paddy etc.

Packing size: 250gm, 500gm

### Agro Excel Sona Zinc

ZINC Chelated Zinc as Zn EDTA 12%  
FOR FOLIAR SPRAY

Chelated Zinc As Zn EDTA 12% Benefits -1. It helps in growth and development of plant.2.Due to solubility in water it provides complete nutrient elements to the plant3.It helps the plant in flowering and fruiting on time.Target Crops: Paddy, Sugarcane Potato, Wheat, Cotton, Tea, Coffee, Vegetables, ruits, Pulses etc.

Packing size: 100gm,250gm, 500gm, 1kg

### Agro Excel Zinc-33

ZINC SULPHATE MONO HYDRATE 33% ZINC (as Zn)  
33% + SULPHUR (as S) 15%

Zinc 33 sulfur 15 is a micronutrient that contains 33% zinc sulfur and 15% sulfur and is used to help plants, lawns, and gardens. It can be used to

Packing size: 4kg, 5kg

### Excelsulex

Sulphur 90% Micro Granules

Description- Excelsulex sulphure -90% is water dispersible granules containing 90% WDG helps in maintaining the appropriate pH of the soil. Target Crops Cotton, Wheat, Gram, Soyabean, Paddy etc.

Packing size: 3Kg, 15kg

### Agro Excel Raja

Mycorrhizal Bio - Fertilizer

Description- Mycorrhizae are obligate fungi that predominate in the roots and soil of higher plants.... They also increase the resistance in plants against plant pathogens and surface area of root system for better absorption of nutrient from soil. Therefore, they can be used as bio fertilizer and as bio control agent. For soil conditional and as Fungicide. Target Crop - All crops friendly.

Packing size: 4Kg, 10kg

### Exceltree

PLANT GROWTH REGULATOR GRANULES  
FOR SOIL APPLICATION GRANULES

Description- It increases aeration of soil, plant respiration, photosynthesis, cell division and enlargement. It increases germination of seeds and viability. Target Crops- All crops.

Packing size: 4Kg, 10kg

### Agro Excelzinc-M

Zinc Mixture Agricultural Grade

Zinc uses range from metal products to rubber and medicines. About three-fourths of zinc used is consumed as metal, mainly as a coating to protect iron and steel from corrosion.

Packing size: 4Kg, 5kg

### Excelpro

ULTRA FIPRONIL 0.6% GR  
INSECTICIDE

Fipronil 0.6% GR @ 50 and 60 g a.i./ha, is as a highly effective and safe alternative for the management of stem borers and leaf folder in rice and also for realizing higher grain yield.

Packing size:4kg

### Excelsulex-80

Sulphur 80% WDG Contact Fungicide

Common Name: SULPHUR 80% WDG Contact Insecticide  
Diseases Controlled: Powdery Mildew, Rust, Grain Smut, Tikka, Leaf Spot. Insects Controlled: Mites Target Crops: Apple, Grape, Groundnut, Cowpea, Moong, Pea, Sorghum, Chillies, Okra, Mangoes, Musturd Citrus & Tea etc. Dose per Acre: 500 gm. for Foliar Application | 2.5-3 Kg. for Soil Application

Packing size:3Kg

### Exceltoko

Insecticide

Description- Exceltoko is a unique new generation granular insecticide providing excellent control and long lasting protection from Stem Borer in Rice & Corn and Early Helps In The Growth Of Extra Productive Tillers & Profuse Root Development Along With A Lush Green Healthy Crop And Gives An Extra Advantage Of Increase In The Crop Growth. Target: Sugarcane and paddy

Packing size:5Kg

### Excelfuran

Carbofuran 3% CG (Encapsulated)  
Insecticide/Nematicide

Description- (Excelfuran) is one of the most toxic carbamate pesticides. It is used to control insects in a wide variety of field crops, including potatoes, corn and soybeans. Target Crops-All Crops

Packing size:5Kg

## Bule Horse

Insecticide

Bule Horse is a granular insecticide that can be used on rice and sugarcane crops to control borers.

It can be used to:

**Packing size:4kg**

## Neem Power

AZADIRACTIN 0.03% EC NEEM OIL BASED -EC CONTAINING AZADIRACTIN 0.03% (300 PPM) W/W MIN. BOTANICAL FUNGICIDE FUNGICIDE

Common Name: Neem Oil 3000 PPM Description-Neem Oil is used for insects & For Fungicides.Target Crops-vegetables, Garden, Fruits, Soyabean, Cotton etc.

**Packing size:1Ltr (PET), 500ml (PET)**

## Excel Coagent

CHLORANTRANILIPROLE 18.5% W/W SC INSECTICIDE Pest Controller

Coragen is a broad-spectrum insecticide from FMC that is effective against many types of pests, including:Cutworms, Bertha armyworms, Grasshoppers, Moths, Midges, Termites, Top borers, Early shoot borers, Green semilooper, and Stem flies

**Packing size:30ml, 60ml,150 ml**

## Excel Double Power Booster

For Agricultural Use Only

Description- Description-water Resistance silicon based Spreading Agent.Target Crops-All Crops.

**Packing size:40ml (PP) 100ml (HDPE), 250m (HDPE), 500ml (PP)**

### Agro Excel NPK

19:19:19 NPK Complex Fertilizer

Description- We offer premium quality NPK 19:19:19 water soluble fertilizer which contain ingredients such as Nitrogen, Phosphorous and Potassium.our water soluble fertilizers are appropriate for improving soil fertility. No harmful chemicals. Zero adverse effects on the soil. Longer shelf life.Target Crops-Cotton, Wheat, Gram, Soyabean Peddy etc.

Packing size:1kg, 25kg

### Agroexcel high speed

Sorghum sudan Grass

Hybrid Sweet sorghum for tasty multicutts  
Very soft, juicy stems and leaves, high yield

AE-899 Packing Size: 3kg

Sowing Time: Mid March to August

### Agroexcel super speed+

845 Multicut Forage millet

Hybrid Fodder Bajra with high yield of fodder  
Gives Multicutts with high protein and nutrients  
Draught Tolerant

Packing Size: 500 gm

Sowing Time: Mid February to August
